

MINECRAFT

EDUCATION EDITION

MOVEMENT

Use the W A S D keys and mouse or touch controls to navigate around your Minecraft world.

CAMERA

Take photos of your creations or selfies with your teammates using the camera. Right click on the camera to take a photo.

BREAK & PLACE BLOCKS

Make sure you have a block selected in your hotbar, point at a surface and right click to place a block. Left click to break a block.

BOOK & QUILL

Write in the book, add your photos, publish and export as a PDF.

BOARDS

Use signs and boards to add information and wayfinding to your world. Find them in your inventory.

INVENTORY

Press 'E' (or the '...' button on a tablet) to access your inventory and drag blocks or items into your hotbar.

CODE BUILDER

Press 'C' to open Code Builder and start coding with blocks, JavaScript or Python!

CREATE WITH YOUR CLASSMATES!

With multiplayer mode, host a world and use join codes to invite others to collaborate.
