WHAT YOU NEED TO KNOW ABOUT AI

FOR ELEMENTARY STUDENTS

STAY SAFE

Be careful about the information you share with AI tools. Keep your personal information private and let your teacher or an adult know if something feels uncomfortable.

ADD YOUR IDEAS

AI can give you ideas, but always add your own thoughts and creativity!

LEARN ABOUT AI

Ask questions about AI. Knowing what AI is and how to use it will help you make great choices! Learn about how using AI impacts our environment.

USE MANY LEARNING TOOLS

Don't just rely on AI. Explore and use different tools and resources too.

USE AI AS A HELPER

Think of AI as your helper. It can assist you, but remember to always add your own thinking too so that it is authentically you!

CHECK AI'S WORK

Sometimes AI can make mistakes. Always double-check what it shares with you because it may be wrong or old information.
