

WHAT YOU NEED TO KNOW ABOUT **AI**

FOR TEACHERS

BE SAFE

Establish that student information is not shared when using AI tools.

USE AI AS A TOOL

Experiment with AI-generated content as one of many resources to enhance lesson plans and activities.

APPLY JUDGMENT

Emphasize to students that AI content is a starting point. Encourage students to add creative insights and final touches.

ETHICAL USE

Let students know when they may use generative AI tools, and which tools are best to use. Learn about the environmental impact of using AI.

TRANSPARENCY

Ask students to credit AI tools when used in creating content. Share AI contributions in your educational materials. Educate students about plagiarism.

KNOW THE LIMITS

Recognize that AI may produce biased or inaccurate content. Be especially mindful of this when dealing with current or recent topics.
